"The South 40"

by JAMES A. SMITH
EXTENSION AGENT

There are 96 calves consigned from Appomattox County in the first feeder sale on Oct. 2. For the October 23rd sale there ae 215 consigned. This is the largest number of calves ever consigned from Appomattox County.

• • •

We are finding that some beef producers are using bulls that have not been qualified in order to sell calves in the growth sale (first feeder calf sale). We are ready to assist any such producer with getting their bull certified.

• • •

Dairymen can benefit in having their hay and silage analyzed. Proper feeding of the dairy herd is still the easiest access to higher production. It has never paid to underfeed a dairy cow, but unfortunately it's stil practiced.

Why not collect a sample of silage, about a quart sample of your grain ration and let's see where you are with your feeding program.

Sam Waddell, Extension Farm Management Agent, has access to a computer that will assist you in getting your feeding program geared up. Let's use it!

• • •

Some corn for grain has been harvested. Just be sure its dry. There's no cheaper place to dry corn than on the stalk. If there's a question, remember there's a grain moisture tester in our office for your use.

• • •

Lawns need a shot of nitrogen. Use 3 to 4½ pounds of 34% nitrogen per 1000 square feet now.

There are many Bluegrass lawns that need to be reseeded or thicken up. A mixture by weight of 20% Adelphia bluegrass, 30% Merion bluegrass, and 50% South Dakota grown bluegrass at the rate of 2 lbs. per 1000 square feet should do the job.

• • •

The reason for adding Adelphia bluegrass to the mixture is because of its ability to germinate rapidly. Most varieties of bluegrass require 10 to 14 days to germinate.

• • •

There's another fine group of Junior bulls at the Red House Bull Evaluation Center. They went on test September 23.

There are 45 bulls on test, 20 polled hereford, 16 Angus, 7 red angus and 2 horned hereford.

• • •

Dr. Tutwiler will be the guest speaker at the meeting of Appomattox Cattlemen's Association Monday, Oct. 20 at the County Extension Office; time is 7 p.m. Subject is "Herd Health". Plan to attend this informative meeting.

• • •

A questionnaire has been mailed to all beef cattle producers concerning the purchase of a set of portable scales, be sure to get your response returned.

Area Concerts Set For Season

Five concerts for the 1975-76 season starting with a piano recital by Reid Smith on Nov. 21, will be presented in Lynchburg by the Community Concert Association.

All performances will be given in E. C. Glass High School Auditorium and the fall membership campaign got underway this week end.

According to Charles Morgan, president, changes have had to be made for the presentations. The Smith concert was moved from late Sept. to Nov., and the political revolution in Portugal resulted in the cancellation of the tour of the Gulbenkian Festival Orchestra. Dates for this program will be filled by the well-known Prague Chamber Orchestra, and will be held Mar. 6.

The season of concerts is as follows: Smith, Nov. 21; "Luca," Czechoslovakian Folk Ballet, Jan. 13; Paul Lavalle and the Band of America, Feb. 25; Prague Chamber Orchestra, Mar. 6, and the Ronnie Kole Trio, Mar. 15.

Membership in the series is open to the public and admittance is by membership only. The campaign headquarters will be at Ramada Inn during the last week of the drive, Oct. 13 through Oct. 18, and will be open between 9:30 a.m. and 5:30 p.m. daily.
